# A WELCOME FROM OUR CHAIR

A VERY WARM WELCOME TO OUR FOURTH FILM GALA, GENEROUSLY HOSTED BY THE SAVOY.

Tonight's event is raising vital funds for BAFTA's year-round charitable programmes including BAFTA Scholarships, BAFTA Kids, BAFTA Guru, BAFTA Elevate and Young Game Designers all of which strive to ensure that everyone has the opportunity and encouragement needed to succeed in the world of film, games and television.

It is still the case that even in the 21st century your gender, race and background can hold you back, which means exceptional talent is being lost every day. As I am sure you will appreciate, the creative industries are not easy businesses to make headway in, particularly if you lack the contacts or financial means to support yourself, or crucially if there isn't an obvious career path to follow.

Past beneficiaries of BAFTA's new talent schemes have gone on to complete their film school training, secure agents, direct their debut feature film, and even win BAFTA Awards!

Your generosity tonight will enable us to deliver a wider range of new talent initiatives and educational activities and ensure the film, games and television industries are open to all.

Thank you so much for your support. Together we can ensure a brighter creative future for film, games and television.

I wish you all a wonderful evening.

DAME PIPPA HARRIS, DBE  
CHAIR OF BAFTA

# BAFTA PROVIDING OPPORTUNITIES FOR YOUNG PEOPLE AND UNDERREPRESENTED GROUPS

BAFTA runs a year-round programme of Learning and New Talent events and initiatives which includes masterclasses, workshops, scholarships, lectures and mentoring schemes. These are open to everyone and applicants are judged on their work alone. By virtue of being fair and open, our new talent is very diverse – with a higher representation of BAME groups, women and disabled people than are currently working in the film, games and television industries.

## GURU LIVE

A two-day event when over 1000 career starters and emerging talent take part in workshops, masterclasses, lectures and panel discussions. In addition, BAFTA offers 15 bursaries for career starters in Film, Television and Games who need financial assistance with travel and accommodation over the Guru Live weekend.

## BAFTA ELEVATE

BAFTA Elevate supports those from underrepresented groups progressing in their careers, and to help tackle the issue of diversity in our industries as a whole.

## YOUNG GAME DESIGNERS (YGD)

BAFTA Young Game Designers inspires 10-18 year olds to try their hands at game design, in the process learning more about the games industry and how to find a place within it. The winner receives a YGD trophy and a bespoke mentoring package.

## BREAKTHROUGH BRITS

Breakthrough Brits showcases and supports the next generation of creative talent in film, games and television in the UK. Each year, up to 20 talented newcomers are selected by a stellar industry Jury to take part in a year-long mentoring and guidance programme.

## BFI NETWORK X BAFTA CREW

BFI NETWORK X BAFTA Crew is a collaboration to support emerging talent in film and TV through professional development, offering exclusive access to nationwide events with BAFTA nominees and bespoke networking to help talent build vital early connections at the start of a career.

## RIENKJE ATTOH'S STORY

IT'S VERY IMPORTANT TO HAVE  
AN ACADEMY THAT REFLECTS THE  
WORLD THAT I SEE.

Rienkje, from Crystal Palace in London, was awarded a £10,000 BAFTA scholarship towards the MA Producing at the National Film and Television School (NFTS) in 2013. Since then she has gone on to produce, amongst others, the critically acclaimed *A Moving Image*, which explores the gentrification of London's Brixton and in 2018 she became a BAFTA Member.

Becoming a BAFTA Scholar has helped Rienkje to forge a successful career as a producer and Rienkje now wants to support those trying to break into the industry by becoming a mentor herself. "The Academy supported me and I admire the work they do. I want to support BAFTA however I can and support the industry".

## PLEDGE YOUR SUPPORT TO BAFTA'S WORK

PLEASE USE THE PLEDGE CARDS AND  
GIVERGY HANDSETS TO SUPPORT YOUNG  
TALENT TONIGHT.

### SUPPORT A BAFTA KIDS SCHOOL VISIT FOR £1,500

BAFTA has partnered with leading mental health charity Place2Be to take the BAFTA Kids Roadshow to some of the most disadvantaged primary schools across the UK. Each roadshow day is filled with unforgettable activity and the chance to meet stars from children's TV. The workshops include a 'Behind the Scenes' assembly, a TV presenting masterclass and round table discussions with the special guests.

Now in its third year the Roadshow continues to reach the most vulnerable children in the UK and provide them with activities that give them the tools to succeed in life, improving their confidence, resilience and self-esteem.

Pledge your support today and help the BAFTA Kids Roadshow visit more schools and reach more vulnerable children.

### SUPPORT A BAFTA SCHOLAR

Now in its sixth year the programme is aimed at post-graduates in the UK, providing vital financial and industry support to talented but financially disadvantaged individuals across the film, games and television sectors.

The BAFTA Scholarship exists to inspire creativity while focussing on the scholars' professional skills, encouraging them to make business choices which will help them turn their creativity into a successful career. As well as financial support, those selected to become 'BAFTA Scholars' are also offered industry support through mentoring by BAFTA members and free access to BAFTA events.

Pledging your support to the programme will ensure more talented young people are given the opportunity to pursue their dreams of a career in the film, games and television industries.

# OUR PERFORMERS

## ALFIE BOE

As a young boy, Lancashire-born Alfie Boe (from the fishing port of Fleetwood) dreamed of a career as a singer. Having conquered the world's most prestigious opera stages, led the cast of Les Miserables for nearly a year, and stolen the show at the Queen's Diamond Jubilee Concert at Buckingham Palace, he has certainly succeeded.

Always striving to bring good music to different audiences, after three sold-out UK Tours (including the Royal Festival Hall and the Royal Albert Hall), Boe has hundreds of thousands of fans, having achieved Platinum album sales in the UK, and four top ten album placings.

## NATALIE RUSHDIE

Natalie Rushdie is the blonde bombshell renowned for her stunningly powerful voice and mesmerising jazz talents. Hailed "a joy to behold" by Eamonn Holmes, "An exceptionally talented singer" by Hello! Magazine and labelled "World Class" by the Mail On Sunday's EVENT Magazine, Natalie is often referred to by her fans as "The Voice of Wembley" for her 5 performances at the Stadium. She has built an impressive following for herself in recent years following numerous major performances and appearances on stage including sold-out events at the London Coliseum, The

Other Palace, Chelsea Flower Show, London Hippodrome and St Paul's Cathedral to name but a few. In December Natalie made her debut at The Royal Albert Hall where she performed alongside the likes of Matthew Morrison and Tony Christie. Counting members of the Royal Family among her many fans Natalie works closely with the Duke of Edinburgh's Award Scheme - regularly appearing at Buckingham Palace, St James Palace and Holyrood Palace with HRH Prince Phillip to make speeches and present the Gold awards.

## OUR PERFORMERS

### SAMM HENSHAW

Still in his early 20s, South East Londoner Samm Henshaw's resumé is already chock-full of accomplishments. In the past few years, he's signed to Columbia Records, racked up millions of Spotify streams with his two Sound Experiment EPs, and toured with James Bay and Chance the Rapper –

both of whom, upon hearing Henshaw's rich, soulful pop, hand-picked him to support them on the road.

He's played sold out headline shows and festivals including Wireless, Bestival, Latitude and Rize as well as festivals in Europe (Best Kept Secret, Afropunk Paris, and Rock Werchter to name a few. Following this Samm has spent the year on the road working on new material. Studio sessions with Pharrell Williams, Pop and Oak and Josh Grant saw Samm's music reach new highs. 'How Does It Feel?', 'Broke' and 'Doubt feat. Wretch32' demonstrated Henshaw vocal depth and range. Meanwhile the close of 2018 saw him tipped as One To Watch in 2019 by YouTube, The Independent, Metro and Blues & Soul amongst others, Samm Henshaw is a fast-rising talent.

### STAR.ONE

Sibling duo Star.One provide a triple threat of production, DJ and Radio talent. Fusing Garage, Grime, House and Hip Hop their sound has been described as a celebration of the many elements that make up the UK Underground scene. Rising to prominence off their bootleg of Jamie Woon – Lady Luck, Red Bull Music Academy hailed Star.One as 'one of the most exciting producers to emerge in 2011'. The pair released their debut single 'Respect' in June 2012 gaining support on BBC Radio 1 and 1xtra from Huw Stephens and DJ Target. They spent the rest of they year trailblazing through festivals and clubs with their high energy, fast paced DJ sets.

Star.One present a weekly show on London's leading underground radio

station DeJaVuFM that focuses on breaking new producer talent. This led to BBC 1xtra giving the brothers a month long residency hosting the UKG show for March 2013. With a string of festivals, remixes and original material to come, Star.One look set to establish themselves at the forefront of the UK Music scene.

# Full-bodied, with distinct undertones of independence.

When you're independent, you get to decide your own path and follow your dreams. This means that we can give free rein to our creativity, because whether in the world of film or wine, that's when the magic happens. For us, it's about choosing only what is good enough for our family and friends. See for yourself, next time you open a bottle of Villa Maria.

Official WLTP fuel consumption figures for the Audi Q8 50 TDI quattro 8-speed tiptronic in mpg (l/100km): Combined: 32.1 (8.8) – 33.6 (8.4). NEDC equivalent CO<sub>2</sub> emissions: 178g/km.

Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. There is a new test used for fuel consumption and CO<sub>2</sub> figures (known as WLTP). The CO<sub>2</sub> figures shown however, are based on a calculation designed to be equivalent to the outgoing (NEDC) test cycle and will be used to calculate vehicle tax on first registration.
