

Production Design

Winner: Les Misérables

Eve Stewart and Anna Lynch-Robinson

EVE STEWART: Thank you so much, we are so pleased. We are so proud to bring this to all the people who worked on it. I am not going to name them, it will take too long, and I really need the loo! But there are hundreds of them and it's -- I'm so proud that it just demonstrated such an enormous amount of talent, British talent, in terms of class of plasterwork, painting, carpentry, and I have never heard a crew of a hundred carpenters singing "I Dreamed a Dream" with their hairy arses hanging out. Thank you.

ANNA LYNCH-ROBINSON: Thank you so much and thank you (inaudible) and everyone, thank you so much.

EVE STEWART: Thank you Tom, Debra and Cameron and Eric. Brilliant.
